Kayra Enes Aslan

Mechanical & Electrical Engineering Student

Hertfordshire, United Kingdom | +44 7387741715

kayraenesaslan@gmail.com | kayraenesaslan.com

PROFILE

I am studying BTEC Level 3 Engineering at Oaklands College and hope to build a career in aerospace engineering. Alongside my studies, I work as a Part Time Crew Member at McDonald's, where I am learning to work with different people, handle busy shifts and support my team. I have gained work experience at D5 Design and Airbus Defence and Space, as well as completing internships in software development and web design. I have intermediate skills in Python, C# and Microsoft 365. I enjoy practical work and solving problems, and I am looking for an opportunity to keep learning, develop my engineering skills and become a dependable member of a team.

EDUCATION

Oaklands College | BTEC Engineering Level 3 Extended Diploma

2025–2026

Marriotts School | Years 10–11

2023–2024

City of London Academy Highbury Grove | Years 8–9

2021–2022

WORK EXPERIENCE AND PROJECTS

Crew Member | McDonald's

2026–Present

Design Project | D5 Design

2026

Group Project Manager | Airbus Defence and Space

2024 | Workplace Experience Programme

Software Development Intern | Globax Technology

2023–2024

Web Design and Software Development Intern | Haksoft Digital

2023–2024

TECHNICAL SKILLS

Python: Intermediate | C#: Intermediate | HTML and CSS: Basic

Microsoft 365: Intermediate | Adobe Photoshop: Basic | AutoCAD | Fusion 360 | Arduino | PLC Programming

ADDITIONAL SKILLS

Teamwork | Communication | Leadership | Adaptability | Problem solving | Matematics

COURSES AND TRAINING

Python Coding | 1 Milyon İstihdam | 2025

Mind Games, STEM, Game Development and Robotic Coding | SmartTech Kids Club | 2018

LANGUAGES

English: Fluent | Turkish: Native
